The Board Diversity Matrix set forth above contains the requisite information as of the date shown. We follow home country best practice regarding our board composition. Our philosophy regarding candidates for the Board of Director is to identify, nominate and elect the most qualified individuals available to us, regardless of any other factors such as sex, gender, gender expression, race, color, creed, age, disability, sexual orientation, nationality, national origin, ethnic, language and religion. Our efforts to identify appropriate diverse candidates are on-going.
